Laser Printable Pressure Sensitive Labels

- Top coated to provide superior imaging in most desktop color laser printers
- Print monochrome and color with one product
- Aggressive adhesive will adhere to most nursery containers
- May be printed with decorative frames, borders, logos, etc.
- SATO's TAGGIT™ Pro Labeling Design software and database makes it easy to design your labels

Available in a variety of sizes and layouts

Note: Due to the number of laser printers on the market, SATO recommends customers request a free sample packet of labels to thoroughly test the printer they consider using. **Contact SATO today.**

The SATO Solution for your Retailers

- **The Right Service and Support:** We offer custom tag and label design, printer service and readily-available SATO staff specialized in retail solutions.
- **The Right Printing Hardware:** SATO printers are durable enough for harsh environments and easily handle material thickness up to 24 mil at speeds up to 10 ips.
- **The Right Software:** SATO TAGGIT™ Pro Labeling Design software solutions offer a scalable and versatile set of tools to meet all design needs.
- **The Right Solutions:** SATO offers a full range of tags, slip-ons, stakes and labels. If SATO hasn't yet developed the solution you require, our designers and engineers will work with you to create it.
